

# Catalogue concerns

This development is around enhancing the existing problem reports functionality to allow for reporting issues/concerns around specific bibliographic records in the catalogue.

## Public side

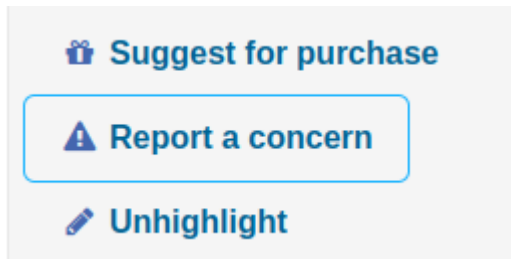

1. Add a new 'Report a concern' link beneath the 'Suggest for purchase' link in the actions box available on the right side of the record detail display page. [1](#)
2. Upon clicking the new button, open a modal dialogue. [2](#)
  - a. If not logged in, prompt the user to do so before proceeding
  - b. Single input textbox for patron to describe their concern
  - c. Optional help text describes the library's policy for dealing with such reports and sets out what details the patron should try to include in their report. - Defined in a new system preference.
  - d. Submit or Cancel buttons
  - e. Submission should record patron id, biblio id and message text.

## Staff side

1. Upon patron submission, alert staff to the new report [3](#)
  - a. Via 'problem reports pending' display in the staff client [4](#)
  - b. Via email driven by a new system preference containing the email address to send this type of report to.
2. Include a link directly to the bibliographic record in the staff client view page
3. Allow replying to the report (via email), both from the staff client and the email notification using the Reply-To email headers.
4. Catalogue concerns should be independent of the 'OpacProblemReports' system preference allowing the two reporting opinions to be enabled/disabled individually.

## Appendix - Mockups

### OPAC Button

### OPAC Modal

A modal window titled 'Report a concern' with a close button (X) in the top right corner. The main content area contains the text 'Please describe your concerns:' followed by a large text input field. Below the input field is a paragraph: 'A short summary of what the library policy is for dealing with such concerns and what constitutes a valid concern'. At the bottom right, there are two buttons: a green 'Submit' button and a gray 'Cancel' button.

### Staff call to action

Patrons requesting modifications: **1**  
Catalog concerns pending: **3**  
Checkout notes pending: **1**
